# IMPACT REPORT

## 2020 - 2021

Jeffery Hale Community Partners (JH Partners) is a community-based charitable organization whose mission is to promote and contribute to the health and well-being of the English-speaking population of the *Capitale-Nationale* (greater Quebec City region).

JH Partners plays a leadership role in the community by helping to ensure that the region's English-speaking population is a priority when it comes to organizing health and social services. JH Partners is a catalyst for innovative outreach approaches to help improve community members' quality of life.

Together, JH Partners and Jeffery Hale – Saint Brigid's (JHSB) have forged a unique partnership that unites the strengths and resources of the community

and public, with the latter grouped with the *CIUSSS de la Capitale-Nationale* since April, 2015. This relationship is a testament to the fact that the English-speaking community has a long tradition of direct involvement when it comes to meeting the needs of its own members.

In next year's report, we will cover more about the impact of COVID-19 on our activities and about how we marked our 30<sup>th</sup> anniversary. Read on to learn more about our four areas of strategic focus:

- Foundations' Office;
- Community Development & Vitality;
- Wellness Programs;
- WE Volunteer.

# WELLNESS HIGHLIGHTS 2020-'21

Our shared *Community of Care* comes to life through the Wellness Centre at Jeffery Hale and Wellness Activities at Saint Brigid's. Thanks to strong volunteer engagement and dynamic partnerships in both the non-profit and public sectors, our Wellness programs in the three areas of focus listed on this page support vulnerable members of our community and help reduce social isolation:
